

Our Mission

"Join hands with Mosquito Sheriff's social mission and together, let us do the most that we can to make the world a kinder, healthier, and better a place for all."

Socially and economically disenfranchised, the people from Honduras' villages are vulnerable to diseases perpetrated by natural elements. The rural populations of Honduras are exposed to mosquitos carrying hazardous diseases, have limited access to clean drinking water, and have a poor sanitation and infrastructural system. On a mission to do what we can to help those in need, we have sponsored Honduras Compassion Partners, and are working in partnership with them to improve the living conditions of the rural populations of Honduras.

**100% Non-Toxic Natural Sprays
For a Healthier, Safer
& Responsible Living**

Your Sheriff for the Bad Guys!

We are a mosquito, tick, and flea elimination company that are focused on ridding your property of these tiny nuisances. Restoring peace and happiness back to your house, we employ various treatment methods that differ across residential and commercial sectors. With a three-week time required for our 'knockdown' and 'barrier' treatments to take effect, our treatments are environment, pet, and human-friendly.

Services

Mosquito Control

Mosquito Sheriff brings to you a mosquito control solution that is effective, environmentally-friendly, and time-efficient. Getting you back outside, now you can enjoy the beautiful summer days to the fullest. No more compromises on outdoor fun!

Flea and Tick Prevention

Ticks are a major concern for pet owners because these cruel little slimy creatures are forever hell-bent upon digging as deep as possible into the body furs of their pets. With our tick prevention treatments, let's keep these pests well away from our beloved pets!

Special Event Services

Whether you're having an outdoor event at your home or a trendy barn wedding, our integrated pest control management approach will ensure your guests will not be bothered by mosquitoes.

We Serve

🏠 Residential

Mosquito Sheriff's residential pest control services adulticide mosquitos before they can start breeding on your property. From the yard to the indoors, we eliminate breeding ground possibilities by our fast-acting and long-lasting barrier treatments.

🏢 Commercial

Our treatments are adjustable according to your schedule, weather conditions, and mosquito populations. From small-sized studio offices to large hotels, our commercial services make sure that your property, staff, and customers are all satisfied, undisturbed, and protected.

👥 Community

Our integrated pest management program is dedicated to ridding communities off harmful pest infestations. We also educate communities on mosquito, flea and tick prevention, teaching them about ways to completely eliminate pests and prevent seasonal outbreaks.
