OUR SUPPORT

EQUIPMENT?

Your truck comes fully wrapped and custom outfitted so you can get started right away! Stocked with sprayers, pest control spray, marketing materials, and more—just get in your truck and go!

MARKETING?

We've got that. Customized digital marketing, social media, SEO, and PPC campaigns. We get the word out so you can focus on managing the business, or even keep your full time job.

SALES?

We handle that too. Our call center will answer inbound calls and respond to web inquiries within minutes. Once we connect with the customer, we will explain the service, process the sale, and schedule the job.

MANAGEMENT?

Routes, schedules, customers, and employees: Handled. Our software creates the most efficient routes, helps you track your customers, and manage your employees.

FLEXIBLE BUSINESS OPTIONS

OUR BUSINESS MODELS

OWNER OPERATOR

Franchisee operates the truck and does the spraying. Our call center handles all of the inbound calls and web inquiries. Many franchisees will start as an owner operator and plan to expand to multiple trucks and managing a team of employees.

SEMI-ABSENTEE

Franchisee will hire and manage employees to drive the trucks and handle the spraying. The call center still handles all the sales and we handle the marketing. This is ideal for someone who wants to diversify their income or keep their full time job.
